

SAFETY DATA SHEET

according 91/155/CEE1

## CONCRETE WAX

### 1. IDENTIFICATION OF THE PREPARATION AND COMPANY / UNDERTAKING.

Supplier / Manufacturer:

MATERIALS CONCEPT

200 Rue Michel de Montaigne

BP 21221

84911 AVIGNON CEDEX 9

Tel: 04.90.06.08.97

### 2. INFORMATION ON INGREDIENTS

Hazardous substances (present in the preparation at a sufficient concentration to give it the toxicological characteristics it would have in a 100% pure state )

**This preparation contains no hazardous substance in this category.**

Other substances representing a hazard:

No known substance in this category present.

Substances present at a concentration below the minimum danger threshold:

No known substance in this category present.

Other substances with occupational exposure Limits:

No known substance in this category present.

### 3. HAZARDS IDENTIFICATION

This preparation is not classified as hazardous to health by directive 88/379/EEC and 93/18/EEC.

This product is not classified as flammable. Refer to the recommendations regarding the other products present on the site.

Other data:

### 4. FIRST AID

General: In cases of doubt, or when symptoms persist, seek doctor. Never give anything to an unconscious person swallow.

Inhalation: Remove to fresh air. Keep person warm and at rest.

If not breathing, if breathing is irregular or stopped breathing, the breathing trained personnel artificial or administer oxygen. Give anything by orally. In case of unconsciousness, place in recovery recovery position and seek medical advice .

Skin contact: Wash several times with water and soap.

## SAFETY DATA SHEET

according 91/155/CEE2

Eye Contact: Check if the victim is wearing contact lenses and in this case, to remove . Flush eyes immediately with plenty running water for at least 15 minutes, keeping eyelids open.

Ingestion: If swallowed, seek medical advice immediately and he show this container or label. Keep person warm and rest. DO NOT induce vomiting.

### 5. FIGHTING MEASURES FIRE

Not relevant.

### 6. MEASURES ACCIDENTAL RELEASE

Personal precautions: Refer to protective measures listed in sections 7 and 8.

Precautions for environmental protection: Prevent entry into sewers or during water.

Cleaning Method: In case of accidental dispersion, clean water

### 7. HANDLING STORAGE

The regulations relating to storage premises apply to workshops where the product is handled.

Handling: It is advisable to wear a respirator.

It is advisable to wear eye protection.

Storage: Keep away from moisture.

### 8. EXPOSURE CONTROLS - PERSONAL PROTECTION

Engineering measures:

Personnel shall wear regularly washed.

Exposure Limits dust (Article R 232-5-5 of the Labour Code)

Total dust: 10 mg / m<sup>3</sup>

Respirable dust: 5 mg / m<sup>3</sup>

Exposure limits per INRS ND 1945-153-93 / (1996) and ND 2022-163-96:

Substance in this category unknown.

Respiratory Protection: Dust mask

Hand protection: Rubber gloves

Eye and face protection: Safety glasses

according 91/155/CEE3

## 9. PHYSICAL AND CHEMICAL PROPERTIES

Density: 1.732 =

Acid - base character of preparation: Base

Solubility of preparation in water: Dissolves

Vapor pressure at 50 ° C. volatile components: Not applicable

Physical state: Powder or dust

Interval: not relevant

When a pH measure is possible, its value is 11.5

Auto-ignition temperature: Not applicable

Decomposition temperature: not relevant

Melting interval: not relevant

Average distillation temperature of solvents contained: not relevant

Other data:

## 10. STABILITY AND REACTIVITY

Stability: The product is stable. Under normal storage conditions and use, hazardous polymerisation will not be occur.

Conditions to Avoid: Not available

Hazardous decomposition products: In normal storage conditions, no product

Hazardous decomposition products should appear.

## 11. TOXICOLOGICAL INFORMATION

Acute toxicity: Given the product composition, acute toxicity is unlikely probable.

Long term toxicity: None of the main components are on the lists of carcinogens by IARC.

### TOXICOLOGICAL INFORMATION

Inhalation: Slight irritation possible if user operations generate an aerosol

Ingestion : Possible stomach pain, abdominal pain and diarrhea.

Skin Contact : No irritation. Dermatitis can in case of repeated contact extended.

Eye contact : Irritation low in prolonged contact

According 91/155/CEE4

## 12. ECOLOGICAL INFORMATION

Ecological Information: No data on preparation itself available.

Do not allow to enter drains or watercourses.

The preparation has been assessed following the conventional method of the Dangerous Preparations Directive 1999/45/EC and is not classified dangerous for the environment.

Other adverse effects: No known significant effects or critical hazards.

## 13. CONSIDERATIONS DISPOSAL

Do not discharge into drains or rivers.

Waste:

Recycle or dispose of in accordance with current legislation, preferably via a certified collector or approved company.

Do not contaminate the ground or water with waste; do not dispose of them in environment.

Contaminated packaging:

Empty container completely. Keep the label (s) on the container.

Chemicals and their residues should be considered special waste.

The used product can be incinerated in a licensed facility.

Disposal of empty containers:

Disposal by incinerating or upgrading the material by recycling after cleaning product residue .

## 14. TRANSPORT INFORMATION

### 14. INFORMATIONS RELATIVES AU TRANSPORT

Informations réglementaires	Numéro ONU	Nom d'expédition	Classes	GE*	Etiquettes	Autres informations
Classe ADR/RID	Non disponible	Non disponible	Non disponible	-		-
Classe ADNR	Non disponible	Non disponible	Non disponible	-		-

according 91/155/CEE5

PG : Packing Group .

## **15. REGULATORY INFORMATION**

Labelling in accordance with directives

Of the EC and its annexes: This product is subject to labeling regulations according the European directives and regulations.

Symbol: Xn - Harmful

Risk phrases: 22 - Harmful if swallowed

S Phrases: None

The main constituents are listed in the European Inventory EINECS substances.

## **16. OTHER INFORMATION**

R-Phrases of components applicable to non- hazardous

Preparation: 65 - Harmful: may cause lung damage if swallowed.

Origin: This sheet was prepared on the basis of information provided by manufacturer.

This sheet completes the technical usage instructions but does not replace it.

The data specified above are based on our present knowledge and experience relating to the product concerned on the date of last day. They are given in good faith.

The user's attention is drawn to the possible risks if the product is used for purposes other than those for which it was designed.

This document does not in any way excuse the user from knowing and applying all texts governing its activity.
